SOUND ISOLATING™ EARPHONES

SE530

- ❖ Triple TruAcoustic MicroSpeakers
- ❖ Premium Fit Kit
- ❖ Ergonomic Industrial Design

SE530 Sound Isolating™ Earphones

Precision-engineered for a listening experience that's true to live sound.

Superior Sound Quality

Speaker Type: Triple TruAcoustic MicroSpeakers

The SE530 utilizes 3 balanced armature drivers—a dedicated tweeter and dual woofers in each earphone—to deliver an expansive sound stage + full-bodied bass.

Sound Isolating Design

Blocking more than active noise cancellation technology, sound isolation prevents outside noise from interfering with your audio experience, allowing you to listen at lower volumes.

Unmatched Personalization and Comfort

Premium Fit Kit

- ❖ Soft, flexible sleeves gently contour to the inside of your ears.
- ❖ Multiple shapes and sizes of sleeves ensure the best possible fit.
- ❖ Premium fit kit also includes an airline adapter, volume control, and ¼" (6.3 mm) adapter for increased convenience

Ergonomic Industrial Design

- ❖ Lightweight, sleek industrial design is ideal for an unaltered portable listening experience.
- ❖ Stylish over-the-ear configuration keeps cables out of the way.
