

## MERLOT™ 421MR IN-CEILING LOUDSPEAKER

### MERLOT 421MR

The new Merlot series speakers provide high performance sound from a smaller footprint. The next generation to the M/MR Series 4" in-wall and in-ceiling speakers, this versatile line of high-quality, performance oriented speakers was specifically designed to be discretely mounted into ceilings where depth space may be at a minimum or a challenge. The Merlot 421MR is designed to match recessed lighting fixtures. RotoLock® Mounting System is included for even faster installations.

All of the models will have long throw woofers with substantially higher power handling. The Merlot 421MR offers uncompromising performance for enthusiasts who are seeking a small in-ceiling loudspeaker with exceptional performance features.

### FEATURES & SPECIFICATIONS

#### Features:

- Exclusive in-ceiling speaker with 1/2" (13mm) fixed cloth dome tweeter with bridge support styling
- Small, reduced bezel for an appealing design to emulate recessed lighting fixture
